

Dear Gray Line team,

Please find all the documentation required so as to analyze my request to join the Gray Line team and make Romania part of your worldwide destinations.

Please allow me to take this opportunity to assure you that Mr. Tripp is one of the most experienced travel partners you can have in Romania with a solid know-how, highly professional services and a proactive team always ready to help and provide the best solutions for both tourists and partners.

Moreover, adding Romania to your network of cities will offer international tourists the possibility to discover various regions unique in Europe through their cultural and historical value. Mr. Tripp offers high quality services and we make sure that our partners and recommendations include only the best when it comes to hotels, hostels, bars, restaurants and transport operators.

Ever since I started the agency I have always looked up to your company for your highly professional approach and long history in the field as the largest provider of sightseeing tours on the planet. The opportunity to join the Gray Line team would be the ultimate reward for all the work and dedication the entire team has put in the agency and continues to do so on a daily basis.

Thank you for the time and interest awarded to my application and regardless of your answer, it would be a real pleasure to meet you in Bucharest and enjoy a tasty glass of our local wine.

Kind regards,

Cristian Dobrica

CEO, Mr. Tripp
